

60kN Tripod Tensile Test Kit

Evaluate site ground conditions with the tripod tensile test kit, providing measurements to evaluate the potential uplift forces and load-bearing capabilities of ground screws.

60kN Tripod Tensile Test Kit includes:

- ✓ 6 Tonne Adjustable Tripod Frame
- ✓ 6 Tonne Compact Digital Crane Scale
- ✓ 6 Tonne Ratchet Lever Hoist
- ✓ 6 Tonne Shackles and 16mm Lifting Eye Bolt
- ✓ Digital Plunge Indicator
- ✓ Adjustable Freestanding Crossbar
- ✓ Magnetic Stand with Adjustable Arm
- ✓ 300x300x30mm Hi-Vis Polyethelene Spreader Pads (x3)

Training arranged on request at RADIX HQ.
