Ground Screw Starter Kits

RDX 4.0 Starter Kit

The RDX 4.0 is aimed toward supporting professionals installing ground screws at greater capacities.

Equipping you with a powerful installation machine delivering 4,000Nm of torque, this starter kit includes a range of RADIX PRO Ground Screws and all the appropriate adapters, brackets and fittings to suit your business needs.

The RDX 4.0 Starter Kit includes:

- RDX 4.0
- RDX Telescopic Arm
- RDX Drive Adapter
- The Pilot – Sliding Hammer Spike
- An assortment of RDX PRO Ground Screws
- An assortment of Brackets and Fittings

RDX 7.0 Starter Kit

The RDX 7.0 is our most powerful handheld installation machine, suited to installing ground screws at greater capacities and when more significant load-bearing depths are required.

The RDX 7.0 starter kit equips you with everything you'll need to start installing ground screws for your projects, including a range of RADIX PRO Ground Screws and all the appropriate adapters, brackets and fittings to suit your business needs.

The RDX 7.0 Starter Kit includes:

- RDX 7.0
- RDX Telescopic Arm
- RDX Drive Adapter
- The Pilot – Sliding Hammer Spike
- An assortment of RDX PRO Ground Screws
- An assortment of Brackets and Fittings

Testing Equipment

Our precise site surveying and testing equipment will take your ground screw installations to new depths.

Alongside our professional installation machines, we can equip your team with the site surveying and load testing apparatus needed to ensure you can provide customers with the empirical data required for their projects, with training available at RADIX HQ.

At RADIX, we have developed a comprehensive range of testing kits capable of measuring up to 150kN per screw.

- 150kN Compression Test Kit
- 120kN Tensile Test Kit
- 60kN Tripod Tensile Test Kit
- 60kN Horizontal Test Kit

Call our friendly team today on +44 (0)1382 819 458 to get kitted out with everything you need to start accurately testing and installing ground screws foundations.

We're ready to support you.

Supporting a net-zero future on the right foundations

As the UK's largest stockist, supplier and installer of ground screw foundations, we are ready to support you.

- Industry-leading ground screws and screw piles
- Installation machines and testing equipment
- Robust solar racking systems
- Bespoke base system design and manufacturing
- Specialist testing and installation services
